Projects

Partment

Team Size : 4

Role : Python Django Developer

Project Description :

Partment offers a seamless solution for acquiring your ideal second home, completely hassle-free for a fraction of the price. You have the opportunity to co-own with up to seven others, while we take care of all the property management and maintenance. We ensure its livability and quality over time, so the only thing left for you to do is to enjoy your new vacation home. Partment is a digital platform that offers hassle-free second home ownership. We are bringing down traditional barriers to allow more people to co-own second homes in prime locations at a fraction of the price while providing an end-to-end property management service.

Covers all Modules including:-

- ◆ Property Module
- ◆ Booking Module
- ◆ Referral Module
- ◆ User Module
- ◆ Promotions Module
- ◆ Invoices Module
- ◆ Resale Module
- ◆ Reconciliation Module
- ◆ Settings Module
